### OUR MISSION

The purpose of Winter Haven Christian School is to assist parents in developing their children to be strong in mind, spirit, and body, using Christ as their example and teaching principals found in God's Holy Word, the Bible.

### OUR PURPOSE

#### EQUIPPING STUDENTS

Our students are going places. Several of our graduates have received degrees from universities such as University of Florida, Florida State, University of Central Florida, Warner University and Southeastern University. Some have gone into ministry or trades and others have even pursued a doctorate.

#### CHANGING LIVES

The Bible is integrated into each subject at WHCS. Many of our students have commented that, "Jesus has made a difference in their lives, changed their perspective and given them a purpose."

#### IMPACTING THE COMMUNITY

Our middle/high school students support local non-profits such as Youth for Christ, The Mission, The Care Center and local nursing homes by serving during our annual community service field trips and collecting needed items. The senior class has the opportunity to go on a mission trip to Guatemala.
